

KNAUF

CORNICE RANGE

*A Range of Cornices to
Complement Any Room*

Build on us.

INTRODUCTION

A cornice is a decorative molding that seamlessly transitions the junction between walls and ceilings, adding a refined architectural detail to any space. It enhances the overall aesthetic of a room, offering both functional and visual appeal. Knauf offers two ranges: Decorative and SHEETROCK Cove. With a selection of profiles, styles, and sizes, Knauf cornices are designed to complement any room, helping builders and homeowners achieve a polished and cohesive interior finish.

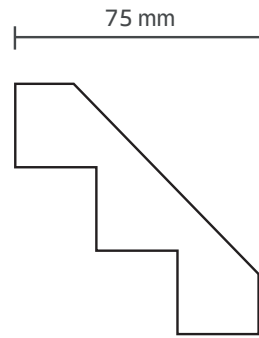

Decorative Cornice Range

Crafted to bring refinement, sophistication, and a sense of space to interiors, this range offers versatile options to match different aesthetics. Choose the Sydney cornice for a timeless, classic look, the Manly cornice for a fresh and stylish vibe, the Cairo cornice for a clean and crisp finish, or the New York cornice for a bold, modern edge.

SHEETROCK Cove Range

Available in 55, 75, and 90 mm profiles, the SHEETROCK Cove range is designed for practicality and durability. Its lightweight, high-strength composite design ensures easy handling, carrying, and installation, making it a reliable choice for builders and homeowners alike.

CAIRO

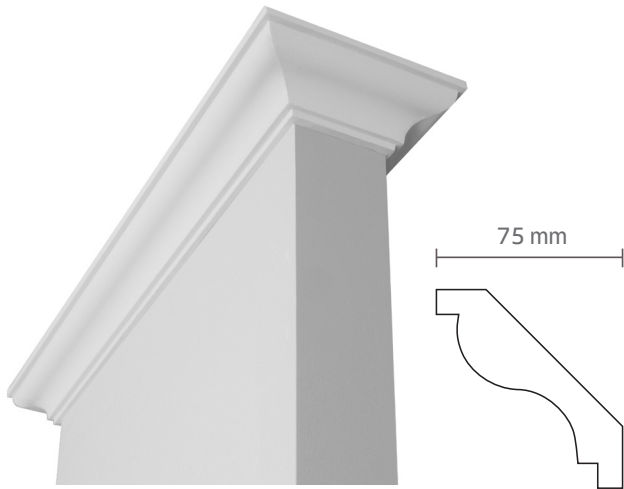

Cairo 75 mm

Create the sensation of height and space in any room with Cairo's clean crisp angles and defined stepped design. Cairo's aesthetically striking profile can be used across a diverse range of décors, especially lending itself toward modern interiors.
